

(1) Establishment of the Hosei Portal Site “Hoppii”

Hosei University has various systems and sites used by instructors and students, such as courses, grades, and syllabuses. A portal site that summarizes all of these links is “Hoppii” (Hosei portal to pick up information), which will be operational from FY2020. Please bookmark and use it on your PC / mobile phone. Note that available functions differ between PCs and mobile phones.

Main systems and sites accessible from the Hosei Portal Site (Hoppii)

- (1) Information Portal… You can register courses and check grades.
 - (2) Online Bulletin Board… Announcements from your faculty / graduate school and the university will be posted.
 - (3) Learning Management System… You can check lesson materials, reports and quizzes, and contact information about the class.
 - (4) Online Syllabus… The contents of each class are available online.
 - (5) Online Learning… You can watch videos such as online classes and guidance.
 - (6) Online Course Questionnaire… You can answer the questionnaire on the courses you take. (The questionnaire is conducted at the end of each semester).
 - (7) Hosei University Gmail… You can use Hosei University Gmail.
- ※ Course registration requires both temporary registration for (3) the Learning Management System and official registration for (1) the Information Portal.

The screenshot shows the Hoppii portal site interface. At the top, there is a blue header with the logo and navigation options like '総合認証(SSO)' and 'それ以外(NoSSO)'. Below the header, there are two main columns. The left column, titled 'ようこそ', contains a list of university departments and centers, such as '法政大学公式サイト', '通信教育部', '全学サポートデスク', '図書館', '学生センター', 'キャリアセンター', '総合情報センター', '情報メディア教育研究センター', '教育開発支援機構', 'FD推進センター', and '学習環境支援センター'. Below this list are links for '情報システム (PC)', '情報システム (SP)', 'ワデマドシステム(PC)', 'ワデマドシステム(SP)', 'Webシラバス', and '法政大学Gmail'. The right column, titled '各種リンク', contains a list of useful links including '履修の手引き (PDF)', 'シラバス一覧 (PDF)', '授業改善アンケート', '教室設備ガイド', 'Turnitin利用申込 (教職員)', 'Turnitinログイン', '授業支援ボックス (教員)', 'アカデミック・サポート', 'グループウェアdesknet's (教職員)', '授業支援アシスタント登録', '学習支援ハンドブック', 'ピア・ラーニング・スペース', '学術研究データベース', and 'お問い合わせ一覧'. There are search icons and 'リンク' buttons for both columns.

(2) Online Bulletin Board

From FY2020, all announcements from a faculty / graduate school will be posted on the Online bulletin board. (Bulletin boards installed on campus will be abolished in principle) On the Online bulletin board, notices from your faculty / graduate school and various departments of the university are posted. Information from your faculty / graduate school is particularly important, so please check frequently.

(3) Learning Management System

"Learning Management System" has been introduced as a tool to assist instructors/students with classes. This system provides teaching materials, reports and quizzes, and class information.

Note: 1. Some Learning Management System functions (teaching materials, reports, etc.) are not used in all classes.

2. The Learning Management System is not used in all classes.*

*Please check with your instructor about your class.

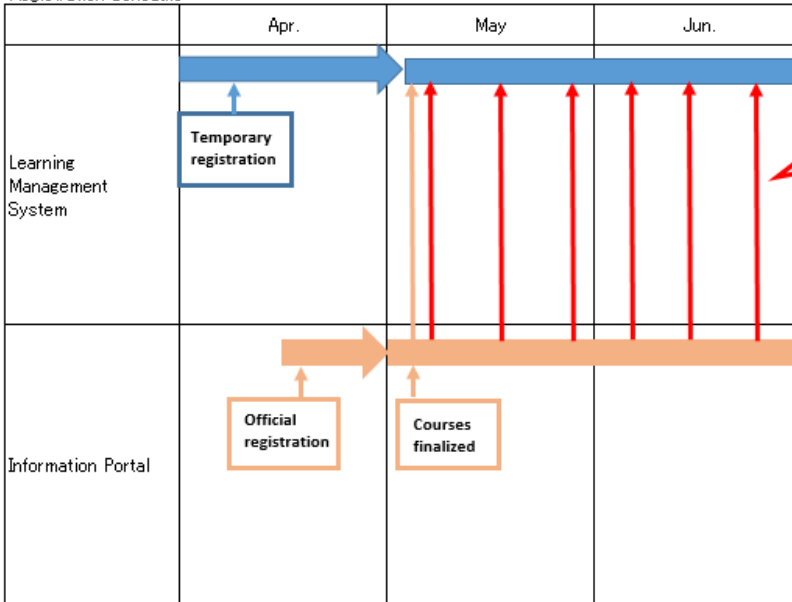

【Note】 Temporary / official course registration during April

The Information Portal that registers the courses you want to take at the university, (registration of courses) and the Learning Management system that supports individual classes, are separate systems. The two systems are linked together after the course registration period (usually around early May), and the same class registration is finally completed. However, before the link processing is completed, it is necessary to register the course subjects temporarily in the Learning Management system, and then to register for course registration (official registration) on the Information Portal.

By temporarily registration on the Learning Management system, you can refer to and download class materials, receive given assignments, quizzes, and information about classes before officially registering for courses (official registration) on the Information Portal.

Next, by officially registering for the course on the Information Portal (Official registration), the course registration (official registration) will be completed and you will be able to officially receive grade evaluations. You are responsible for the temporary registration on the Learning Management system and the course registration (official registration) on the Information Portal.

Registration Schedule

After completing the course registration on the Information Portal, the course registration contents are linked (overwritten) to the Learning Management system. Course content is regularly synchronized.

※This is just an example. Check with your department for specific schedules.
